# **Inglehurst Infant School**

# **Early Help Offer**

Support • Strengthen • Thrive

# What is Early Help?

Early Help means providing help for children, young people and families as soon as problems start to emerge or where it is likely that issues will impact negatively on children's outcomes.

#### Early help...

- Is for children of all ages and not just the very young,
- Can be provided at any point of need,
- Can be very effective in supporting a child, young person and/or their family to step down from statutoryservices as well as preventing the escalation of issues
- Is important because there is clear evidence that it results in better outcomes for children.

Early help is a term that describes much of the everyday work of schools.

### **Early Help in Leicester**

The vision of all partner organisations working with children and families in Leicester is to improve children's lives by working in partnership to raise aspirations, build achievement and protect the most vulnerable.

This is based on the belief that:

- Families and communities have many strengths that support parents as the primary carers for their children and contribute to building resilience and independence in families.
- Children, young people and families develop resilience if there are protective factors in place such as: a positive relationship with children and adults, good literacy and communication skills and good school attendance.
- Children's needs are best met when help is offered in a universal setting within a socially mixed group and earlyon when problems start to emerge
- Children and young people's needs are best met when addressed in the context of the whole family, meaningthat parents/carers/siblings' needs are addressed with consent as part of a holistic and integrated Early Help response

Early help services should support and strengthen families so that they can thrive.

#### The Role of Schools

#### **Day to Day Support**

Most families, most of the time, can get on with their lives quite happily with little or no outside help. If they need help it is usually provided by universal services, such as schools.

#### **Focused Pastoral Support**

All families can have times, however, when difficulties arise and they either may not recognise it or may not know how to start putting things right. Schools play a role in supporting families to address these difficulties through morefocused pastoral support, which might include bringing in support via an external agency.

#### **Early Help Assessment**

For those children and families whose needs and circumstances make them more vulnerable, or where schools need the support of other agencies to meet the needs of the family, a co-ordinated multi-agency approach is usually best. In Leicester this is achieved through undertaking an Early Help Assessment and assigning a Lead Practitioner to work closely with the family to ensure they receive the support they require. Schools should be a key partner in any multi-agency work to support families.

## Early Help offer at Inglehurst Infant School

The Designated Safeguarding Lead and the Designated Safeguarding Deputies will be responsible for Early Help within Inglehurst Infant School as part of their safeguarding responsibility.

All staff members are expected to be familiar with the school's Early Help Offer. This will be regularly promoted within our school through, staff training, Early Help literature and information accessible to all staff. This will enable relevant staff involved in the Early Help process to provide targeted support to our children and families.

Our school's Early Help Offer is accessible on the school website and will be displayed in school. We will also promote our Early Help Offer in our newsletter.

#### What we offer Measurable Outcomes •Overall and individual pupil attendance •100% and one day absence attendance recognition •Attendance data monitored by Attendance officer and Head improves teacher Reduction in the number •Letter home if lower than 95% attendance or there are persistently absent students unauthorised absences or lateness •Reduction in the number of absence •Letter home if attendance and lateness is having an impact on requests progress and attainment Reduced number of penalty notices •Letter home if medical evidence needs to be seen for future issued absence Lateness improved •EWO (Educational Welfare Officers) and Attendance officer Opportunity for attainment is meet regularly to discuss attendance and lateness improved •APM's (attendance Panel Meetings) held where attendance Children have better long term and lateness is a concern and no improvement has been opportunities to achieve their potential made.
